

IMPORTANT / info COVID-19

From the organization of Els Bastions we want to inform you that since the situation generated by COVID-19 far from improving, it worsens, and before incurring more unnecessary expenses we have decided to **SUSPEND** all the races of the 2020 edition.

Given the extraordinary situation in which we find ourselves, we believe that despite the effort we can make to move it forward, it will not be enough to guarantee the required quality and safety.

We want to express our appreciation to all the volunteers, collaborators and sponsors. We hope to continue counting on them in future editions.

We can only encourage all of you to continue supporting against this pandemic so that it ends as soon as possible, and we can once again enjoy what we like the most, the mountain.
